### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on February 28, 2005 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest that the plurality of discrete segments are spaced apart by a distance as per the formulae in claims 63 or 64, or the minimum gap will prevent adjacent segments from contacting each other when the article is bent by a predetermined radius ( $r$ ) and the presence of adhesive on the exposed surface of each discrete segment of retroreflective sheeting of the claimed article. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
